

2025 WOMEN BUILD

Women Build brings together local women of all walks of life to address the poverty housing crisis facing families in our community, helping to ensure that everyone has a safe and affordable place to live.

**WOMEN
BUILD**

ABOUT THE BUILD

This April-July, Women Build will be held at three different build sites throughout Richmond and N. Chesterfield. The impact of these projects will help 5 families achieve the dream of homeownership in 2025!

Two of these projects are single family, new construction builds. The third is tri-plex and the kick off of a multi-home build in Northside of Richmond that will last for several years and encompass multiple homes for Richmond Habitat. This development is called Highland Grove. The tri-plex will serve three Habitat partner families. Those dates will not start until later in May and run through June and July.

We have a few new ways to volunteer this Spring as a sponsor. Check them out in this packet!
